While announcing the upcoming visit of an eminent scholar in the field of social psychology and emeritus professor at the University of Oxford, Miles Hewstone, UPES said on Friday that the School of Liberal Studies

supported by the university is organising the visit. The visit presents an opportunity for both students and faculty to engage with one of the most influential scholars in social psychology. During his visit, he will lead two workshops: 'How to be a Researcher? Developing Ideas for Research and Publishing Your Findings' and 'Teaching and Research - Some Things I Have Learned'. UPES officials further said that both the workshops are open to faculty from other universities and would be streamed online for global participation. The dean of the School of Liberal Studies and Media at UPES, Atri Nautiyal urged students, faculty and researchers to avail the opportunity to learn directly from a prominent social psychology expert.
